

Ahmet Sezgin

Software Developer

Profile

Professional Summary

Passionate third-year Computer Engineering student at Hasan Kalyoncu University with strong expertise in JavaScript, Python, HTML, CSS, and Adobe Script. Experienced in game development using Unity and C#, and actively participated in AI hackathons and game jams, demonstrating exceptional problem-solving and teamwork skills. Motivated to contribute to innovative technology projects, I excel in adapting quickly to new challenges and am eager to leverage my technical and creative abilities in a dynamic, collaborative environment.
